Has been assessed and certified by Compass Assurance Services to the following management systems, standards and guidelines:

ISO 27001:2022

INFORMATION SECURITY MANAGEMENT SYSTEMS

The scope of the certification covers the following activities:

This Information Security Management System outlines the framework for management of Information Security within the organisation for the provision of complete IT asset management services, from business analysis, procurement, and leasing solutions, to end of life-cycle decommissioning. Services include collection, storage, transport, and treatment of end of life electrical and electronic equipment, including but not limited to sanitation, destruction, disposal, and refurbishment and supply of IT assets. All WV Technologies personnel, processes, systems and locations are included as per the current Statement of Applicability version 1 dated October 4th, 2024.

The control set(s) applied in the SoA is used only for referencing the relevance of the inclusion or exclusion of controls in the ISMS and not used for conformity assessment.
